Cabinet Simulator (#p3580)

by **jovesdies** » Wed Aug 28, 2019 5:47 am

Hi, here's my first attempt to building a cabinet simulator. Some filters and a simple "room mic" control. Inside zip file : spcd and mp3 (no cab , cab with controls at center, cab with open sound, cab with room mic at max.

Controls :

pot0 : top end

pot1 : cab size

pot2 : room mic
